**ATTENTION ALL WYSOX TOWNSHIP RESIDENTS:** Wysox Township manager and zoning officer Jon Kulick will be reviewing all signs in the Township. Please be prepared to produce your sign permit when asked. If you do not have a permit, the Township will review the sign and see if it is an allowed use/sign. It is the owner's responsibility to produce a permit. All signs must be permitted, real estate signs, business signs, personal use signs etc. Go to [WYSOX.ORG](http://WYSOX.ORG) to check the sign table to see if your sign is in compliance. Again, all signs etc. must be permitted. It is imperative we get all signs in order as we review a new sign ordinance in 2017. Some existing signs can still be in compliance, but permits will be needed. All businesses that are no longer in existence will be granted a 30 day window to remove all signs pertaining to said business.

Thank you and we appreciate your cooperation in making Wysox Township look the best it can, now and in the future. Call for details
