

# ROAD MASTER'S REPORT

For the month of January 2019

## Roadwork:

1. Plowed and cindered as needed.
2. Cut tree in stream at Pond Hill and Claverack intersection.
3. Put a load of millings on berm at the top wash out on Harmony Hill. Due to was out settling near the road.
4. Picked up branches at boat launch.
5. Repaired traffic signal warning sign on RT 187 near Tractor Supply.
6. Stock piled material left by Penn DOT at our Laning Creek property.
7. Received a call about gas line and communication lines in creek behind Comfort Inn. Made calls to get them taking care of. Valley Energy & Frontier. Also took pictures.

## Trucks and Equipment:

1. Washed trucks after every storm.
2. Replaced hydraulic filter on truck 4 due to old one having a small pin hole from rust.
3. Greased all trucks and backhoe.
4. Checked all fluids.
5. Rotated tires on truck 2.
6. Truck 2 inspection. Passed
7. Installed new GPS units in trucks 1, 2, & 3.
8. Torqued wheels on trucks 1 and 2.
9. Replaced air filter on truck 1.
10. Rotated rubber edges for trucks 1 and 2.
11. Tightened spreader chain on truck 1.

**Office and Buildings:**

1. \_Installed gates on cinder shed due to shortage on cinders and rumors of people coming after hours and loading what they want.
2. Ordered more salt and cinders.
3. Ordered propane for the building.
