

ROAD MASTER'S REPORT

For the month of January 2021 Roadwork:

1. Guide Rails installed on Harmony, Redrock and 2 locations on Fall Run
2. Had to load Chemung Supply with guide rails
3. Plowed and cindered as needed multiple times
4. Used backhoe to push drifts and berms back. Also used back hoe to clean off berms of both bridges
5. Picked up 6 big concrete barriers with backhoe, loaded on Trk 4 from Fall Run washout to our building
6. Moved STOP sign on Hillside due to repeatedly being run over by 18-wheeler
7. Moved mail box at 662 Redrock Road due to guide rails, moved to edge of rails
8. Took backhoe to Boat Access, scraped flood mud while frozen

Tucks and Equipment:

1. Truck 2 inspected – needed nothing
2. Lowered rubber edge on Trk 1 plow
3. Replaced front brakes, and rotors on trk 1, also had to change calipers
4. Repaired Trk 1 strobe light
5. Greased backhoe
6. Changed oil and filters in truck 2&3
7. Greased trk 2
8. Rotated tires on Trk 3
9. Welded grate on top of spreader of trk 1
10. Tightened both spreader chains and greased
11. Changed Fuel filters and air filters in backhoe. 595 hours

Office and Buildings

1. Took Christmas Lights down
2. Shoveled sidewalks as needed
