

ROAD MASTER'S REPORT

For the month of November 2021 Roadwork:

1. Replaced blue curb at newer parking area at the pavilion due to other one missing
2. Took backhoe to boat ramp, cleaned off flood mud
3. Shoveled under concrete tables at pavilions to remove flood mud
4. Cleaned ditch on Lundy and removed all leaves
5. Removed decking off box culver at the end of Lundy and shoveled out
6. Mowed and weed trimmed at both of our buildings
7. Cleaned pipe out on PA AVE
8. Went to Mansfield, picked up 10 trees we received from grant and planted them at boat launch yard, using backhoe to dig holes
9. Drew a map of location of trees to send into grant
10. Plowed and cindered as needed
11. Repaired stop sign at Hillside and Laning Creek
12. Lecce Electric did yearly maintenance on all 3 traffic lights

Tucks and Equipment:

1. All plows and spreaders installed and ready
2. Installed new hydraulic hose on Truck 2 due to drill bit
3. Fabricated a set of mud flaps for the front of truck 2 as none are available for purchase
4. Had cutter shaft repaired by KB Welding on tractor mower at no charge per manager, used community service time
5. Greased backhoe
6. Called order into Stevenson Equipment to save 15% on parts for mower that we will need in the spring. Flails, bearings, bushings
7. While using truck 1 the outlet tube blew out. Brought back to shop and replaced. This tube connects to the turbo
8. Washed trucks 1 and 2 after plowing

Office -Buildings

1. Cleaned all shop bay floors and painted floors also did yellow lines. Also repaired cracks in floors
2. Emptied trash at pavilions when needed
3. Blew leaves off pavilions and office lot when needed
