

ROAD MASTER'S REPORT

For the month of December 2021 Roadwork:

1. Cut downed trees off roads and right of ways as needed. Multiple times
2. Removed concrete barrier and tree out of stream on Glen Rd. above bridge
3. Lecce Elec came to Rt 6 & Craftmaster traffic signal to replace Red bulb going west. We flagged for them.
4. Called PenDot to report dead deer on Rt 6
5. Reported what street lights that were out
6. Plowed and cindered as needed
7. Marked locations on Rt 6 for 811 so we can install Jake Brake signs
8. Cleaned off both bridges
9. Traffic light at the plaza froze, stayed green on rt6. Had to manually let traffic through. Also received a couple calls from com-center on different days that the light was not working correctly. However, by the time I got there they were working fine.
10. Patched holes on our dirt sections using DSA
11. Replaced Stop sign on Country view due to it being faded
12. Had 2 trees leaning over Old Saw Mill Road, cut them and removed from right of way

Tucks and Equipment:

1. Took Truck 1 (2011 F550) to Sherwoods for recall
2. Checked fluids in trucks
3. Greased trucks and spreaders
4. Installed spreader in truck 4 (pick up)
5. Truck 2 (Silv 6500) inspected, No issues
6. Washed trucks after each time out for plow & cindering
7. Tightened chains & Spreaders

Office -Buildings

1. Cleaned gutters at office building

2. Picked up sticks and flags at our cemeteries
3. Swept, mopped floors & cleaned restroom at road crew office
4. Installed all new LED lights in our shop. – Thank you Bill Them
