

ROAD MASTER'S REPORT

For the month of January 2022 Roadwork:

1. Cut trees that fell on Dry Run & Fall Run
2. Noticed garbage under R/R bridge. Picked up nearly a pickup load and put in our dumpster
3. Cleaned out ditch on Dry Run
4. Removed loose gravel signs from Old Sawmill and Hollenback
5. Cleaned exit of pipe at Hollenback and Old Sawmill intersection
6. Received call from com center about traffic light at plaza not working correctly. When I got there all the lights were working
7. Plowed and cindered as needed (multiple times)
8. Received our order of salt from Bradco Supply
9. Installed Jake Brake signs at Rt 6 per Kulick's directed locations
10. Took Backhoe to Lake and Hillside intersections, moved snow to open up intersections
11. Called PenDot on dead deer on Laning Creek near Lundy

Tucks and Equipment:

1. Washed trucks and spreaders after each storm
2. Tightened spreader chains
3. Contacted Towanda Auto Mart on Truck 2 recall parts on order
4. Greased 4-joints on front of truck 3
5. Installed lighted plow markers on trucks 1&2
6. Changed air filter in truck 1
7. Greased both spreaders
8. Purchased new battery for steam Genny and installed
9. Rotated rubber blade on truck 2
10. Replaced left front brake caliper on truck 1. Old one was leaking
11. Checked all fluids in trucks
12. Installed new cutting edge on truck 3
