

ROAD MASTER'S REPORT

For the month of January 2025 Roadwork:

Road Work

1. Plowed and cindered multiple times as needed
2. Checked roads after heavy winds mainly limbs
3. Marked cross pipes for 811 on Glenn, Hollenback, Fall Run
4. Sign ran over at the plaza median replaced post and straightened signs
5. Picked up sticks at boat launch on walking trail
6. Plow got edge of berm at 90 Schmiege Road, racked and put back
7. Called Lecce Electric on Plaza traffic light due to getting calls from com-center. However, it is always working correctly when we get on site.
8. Did dash cam videos of road conditions on Red Rock, Fall Run and Harmony due to heavy truck traffic in the area
9. Had multiple cross-pipes that were frozen solid on the ends Dry Run, Harmony, Fall Run, Red Rock, Claverack. Used salt & metal bar to get open. Now flowing
10. Cut fallen tree to get through on West Valley (Standing Stone)

Tucks and Equipment:

1. Truck 1 spreader quit working. Found a bad Solenoid under the hood. Replaced and now works
2. Replaced rubber cutting edge on Truck 1
3. Truck 4 inspected, needed nothing
4. Replaced wipers on truck 1
5. Changed hose fittings on truck 1 plow. Was leaking
6. Greased spreader chains and spreader after each storm
7. Replaced rubber edge on v-plow truck 2
8. Washed trucks and checked fluids after each storm
9. Had right rear outside tire on truck 1 going soft. Took tire off, found screw, took tire to STTC for repair
10. Torqued all wheels on trucks

11. Found broken bolt on truck 2 v-plow that holds rubber stop plate. Had to drill out and use tap & die to make new threads. Installed new rubber stop & plate
12. Washed backhoe and greased everything on it. Checked fluids.
13. Charged battery on truck 3 spreader
14. Made a shield on truck 4 spreader due to spinner hitting taillight with anti skid and breaking light lens

Office

1. Swept and mopped shop office and bathroom cleaned sink and toilet
2. Attended winter maintenance class at the com-center
3. Put foam around shop main doors
4. Cleaned out drain box in wash bay 1
