

# ROAD MASTER'S REPORT

For the month of May 2025 Roadwork:

## Road Work

1. Ditched and bermed Glen Road from Claverack to Allen
2. Bermed Allen
3. Put new flags out on Veteran's graves at both cemeteries, Pond Hill and Mercur Hill
4. Emptied trash at pavilions twice weekly. Blew off pavilions and cleaned out grills. Had tree top fall blocking boat ramp. Cut that and cleaned all up. After high water, cleaned flood mud off walk ways and boat ramp
5. Cut and removed fallen trees from roads & right of ways on Glen, Fall Run and Hillside
6. Took backhoe to Old Sawmill, Rowe, Hollenback and Glen Road had leaves blocking pipes. Dug out leaves out and opened flow to cross pipes
7. Marked out cross pipes on Country View for 811-Fiber optic
8. Drove roads with Suit – Kote for roads getting tar & chip; Stickland, Fairground, Lundy, Pond Hill, Claverack (upper) and section on Glen Road
9. Purchased 3.64 ton cold patch from Vestal Asphalt used all on Fairground, Claverack, Old Sawmill, Hollenback, Strickland, Pond Hill, Fall Run, Grimes, Dry Run and Glen
10. Cleaned Anti-skid off Fall Run bridge
11. Found a bag of wood pellets broken all over plaza median. We cleaned it up and put in trash bags
12. Cut limbs and weed trimmed under guide rails at Lake & Pond Hill intersection for visibility
13. Cleaned all of our intersections on Rt 6, Pipher, PA Ave, East, Vine, Emory, Sullivan, and Susquehanna. Swept & Shoveled along the curb
14. Weed trimmed Wysox side of Towanda bridge
15. Swept roads with tractor and broom; Pipher, PA Ave, East, Vine, Emory, Claverack, Pond Hill, Hollenback, Schmieg, and Old Sawmill
16. Noticed a lot of tree debris on 187 River bidge pier. Reported to PA DOT
17. Mowed banks at Wysox Park, weed trimmed, what our mower could not reach

18. Took Chemung Supply to Claverack guide rails for quote. Manager want new & used quoted
19. Took backhoe to Pringle to clean Anti-skid from along the curbs
20. Met twp manager at plaza for reports of holes, we put cones out
21. Mowed Hillside & Rt 187 intersection, weed trimmed for visibility. Bamboo blocking view
22. Weed trimmed around spreader & attachments behind our shop

### **Tucks and Equipment:**

1. Took spreader out and put chain in oil
2. Greased backhoe, had to replace both grease fittings on lift cylinders
3. Took all snow plows off and stored inside.
4. Installed broom on tractor
5. Rear gate would not latch on truck 4. Found the turn buckle was loose, so we adjusted and tightened.
6. Rotated cutting edge on front of backhoe bucket. New nuts, bolts, used never-seize and have a new blade for stock
7. Changed oil & filter on backhoe and greased
8. Sharpened chain saws
9. Checked fluids and greased trucks 1, 2, and 4

### **Office**

1. Cleaned drain box in shop (bay 1)
2. Swept and mopped shop office and restroom
3. Cleaned antiskid from shop floors and along walls. Washed all bays
